

Hey truth teller, that say  
they tell the truth.

Remember the first time  
when you judged that nine-  
eleven was not true, who

repented of that LIE? Did  
your government repent?  
Did the media repent?

KNOW....they went to war and killed, yet still to this day they have not repented. Now if they have not repented, why would you believe anything coming from your government and the media?

Now who is the slave? Your government is run by serpent-seed and the media is run by serpent-seed their bullshit doctrine of (you believe a lie, we will not die) rules them. You might want to check your past because at present it is full of LIES.

Back with serpent seed; his bullshit is a production like Hollywood just to lead and entertain you with the LIE, staged by your government and the media tells the LIE, what a pair of bull

shitters. We have their  
number.
